Manual Sausage Stuffer

Feature

Vertical design & horizontal design that counter space

Stainless steel 201 Body for durability and easy cleaning

Include 16/19/25/38mm stainless steel funnels so you can make a variety of snack sticks, sausage, and luncheon meats

Enclosed steel gears turn with 2 speed options, combining with a heavy-duty pressure release valve for ultimate control over sausage consistency

Pizza Machine ▶

Feature

- Versatile machine perfect for creating house-made pizzas, pie crusts, pitas, and tortillas
- Innovative weighted catch arm guides dough through rollers to eliminate need for manual adjustment
- Two stage roller design produces consistent dough thickness with fewer passes through the machine
- VQuickly and easily rolls out up to 250 pieces per hour with a maximum diameter of up to 18 inches
- Ergonomic, compact design helps save on valuable countertop space and allows for easy storage

- U-shaped heating tube provide more quick heat-up
- Antirust stainless steel 201 structure ensure longer life
- Non-skid rubber feet prevent slipping
- Built-in high temperature resistant lighting, the food status is clearly visible, and it is convenient to check the food status.
- 360° heat dissipation to ensure collective heat dissipation and
- lengthen service life of the machine
- Double-layer tempered glass is crystal clear and translucent, high-strength insulation and improves thermal efficiency.
- Water inlet design is an auxiliary device with spray function, which helps food fermentation
